July 12, 2020

Dear Friends,

We have exciting news! It has been four months since we have seen all of you. We wanted to take it a bit slower for everyone's safety and to be sure we were opening at a time when our state was proving to continue to decrease its numbers of COVID-19 cases. We want to thank Governor Gina Raimondo for her strong leadership and continued determination to keep Rhode Islanders safe as well as her instrumental team of professionals that are helping her guide the way! To welcome you back, we have cleaned and disinfected the store, surfaces, and merchandise. We will have helpful signage and floor markings to help navigate social distancing, and plexiglass shields have been installed at all of our jewelry display cases to allow you to safely take your time as you look for that special piece for you or a loved one. We will have hand sanitizer for everyone to use upon entering. You will be required to wear a mask. Please be patient with us as we all get used to the new guidelines. To start, we will only allow four customers in at a time. We will allow additional customers when we feel we can still safely socially distance. Our opening date is this Friday, July 17th! Our new summer hours will be Wednesday through Saturday from 10-6 and Sundays from 12-5. Online shopping is still available at our Shopify site. Curbside pick up is also available Monday and Tuesday from 12-6. We have missed you and we can't wait to see you!

Warm wishes,

Nina and your friends at Studio Hop
